ABOUT US

Introduction

Jhing Industrial Supplies and Services were registered specifically to deal with Automation, PLC, Electrical, Switchgear, Pneumatic and Hydraulic Parts and servicing.

Jhing Industrial was established for the growing needs of the Philippines market; it became necessary to broaden the supply and services that could be provided by Jhing Industrial, so as to offer time definite supplies and servicing of the automation industry under one Roof.

Jhing Industrial has continued to strive towards becoming a complete multi-disciplinary practise offering our Clients the specialist individual attention and solutions required by an ever-changing production environment. Jhing Industrial sees teamwork on every supply and project as the key success element and is responsible for creating this environment. The over-all Sales manager is duty-bound in ensuring efficient and regular communication to all Clients at all levels.

Jhing Industrial believes in a hands-on approach on all supplies and projects. Jhing Industrial is equipped with the latest technology and has the necessary staff and resources to ensure the best professional service is provided at all times.

Vision

Our vision is to grow our multi-disciplinary team in order to offer a broad spectrum of specialist Engineering supplies and Electrical services to become our Clients' preferred Supplier through excellence and efficiency in all aspects of the project life cycle. Whether it is a PLC Supply or complete Automation project, implementation of a project management system, or programme management of a multi-faceted initiative, Jhing Industrial is a leading practice that will exceed expectations and set new standards!

Mission Statement

Our Mission is to offer excellent service in each of our professional disciplines, in accordance with statutory practices, codes of conduct and integrity, thereby developing our team and providing a leading platform from which to service the in particular, our valued Clients.
